A mass tort is a civil action involving numerous plaintiffs against one or a few defendants in state or federal court. The lawsuits arise out of the defendants causing numerous injuries through the same or similar act of harm (e.g. a prescription drug, a medical device, a defective product, a train accident, a plane crash, pollution, or a construction disaster). Tort liability can be imposed in many instances that include negligent behaviour towards a person or land, negatively affecting a person's reputation or limiting freedom of movement. This module will aim to explain and take you through how and why liability can be imposed on a defendant, giving you an in-depth understanding of the nature of tortious liability.
